[Verse 1-Big Chan]

Blue Chucks and I'm saggin philly draggin
Now who wanna test the funky fo' magnum
May west, I'm the West Coast Donna
Now who want the shells and the muthafuckin drama
Mama gon bring it first class a ten every smoke session
Wit protection for every nigga that smile
He done did some disrespectin no second guessin
My crew penetrate commison chin checkin
We split wigs in split seconds if you know what you
workin wit
I'm lookin for a thug nigga wit on some 'xotic shit
If he ain't got the potential for gettin paid to keep paper
Then ain't no need to chase him a game force game
Never let the legs spread, I see he got it all in his head
Fuck fuckin in the bed
Two broke muthafuckas can't break bed
Intimidated cause my game is on lock and its crump
tight

[Chorus:1x]

[Verse 2-Conyiac&Kola;]
