Take this bloody war of mine away  
I'm lost for words to say  
Will they greet me at dawn

Take these muddy thoughts that are my walls  
I'm not ready for the call  
That will greet me at dawn

I just take what someone wants  
Race when I'm in front  
Break what i don't need  
It's nice to watch somebody breathe, for me  
I am tired of my own

Well now come sit next to me  
I'm not sleeping with a bride to be  
Been wasting time like it just doesn't matter very much  
So I'm happy for the company

And I sat here for eternity  
No wife and no family  
And I thank you very much  
And I'm flattered by the touch  
When you say that you're in love with me  
Won't you breathe for me  
I am tired of my own

Race me to the horror at the end  
I've lost myself again  
In the mirror of my past

Let me, let me scratch at my own skin  
I'm dying to get in  
To the mirror of my past

I just take what someone wants  
Race when I'm in front  
Break what I don't need  
It's nice to watch somebody breathe, for me  
I am tired of my own

Well now come sit next to me

I'm not sleeping with a bride to be

Been wasting time like it just doesn't matter very much  
So I'm happy for the company

And I sat here for eternity  
No wife and no family  
And I'll thank you very much  
And I'm flattered by the touch  
When you say that you're in love with me

Won't you breathe for me  
I am tired of my own

And won't you breathe for me  
I am tired of my own

Well now come sit next to me  
I'm not sleeping with a bride to be  
Been wasting time like it just doesn't matter very much  
So I'm happy for the company

And I sat here for eternity  
No Wife and no family  
And I'll thank you very much  
And I'm flattered by the touch  
When you say that you're in love with me

And I sat here for eternity  
No wife and no family  
Been wasting time like it just  
Doesn't matter very much  
So I'm happy for the company

Won't you breathe for me  
I am tired of my own

And won't you breathe for me  
I am tired of my own
