Me and my guitar playing my way
It makes them frown
The little pieces by the highway, bring me down.

Mine is not a heart of stone
I am only skin and bone now
Those little pieces are little pieces of my own

Why don't you give me some love
I've taken shit loads of drugs
I'm so tired of never fixing the pain
Valium said to me, I'll take you seriously
And we'll come back as someone else
who's better than yourself

Many faces at the doorway - all hiding round
Watch me fighting in the hallway but make no sound

So I'm standing all alone and I'm only skin and bone
now
So many faces, but they all look out for their own

Why don't you give me some love

I've taken shit loads of drugs
I'm so tired of never fixing the pain
Valium said to me, I'll take you seriously
And we'll come back as someone else
who's better than yourself

Why don't you give me some love
I've taken shit loads of drugs
I'm so tired of never fixing the pain
Valium said to me, I'll take you seriously
And we'll come back as someone else
who's better than yourself today

And someday soon they'll drop the bomb and let it all
out someday
I know that some day soon we'll all be gone so, let it all
out, let it all out today

And give me some love
Yeah, give me some love,
Come give me some love today
