When you and your baby are tight  
And everything you say or do is mellow  
She keeps everything all right  
And you know that you're the only fellow  
Ain't that a groove, ain't that a groove  
Ain't that groove, ain't that a groove

Now look here fellows  
Girls like to be in a mood  
Whenever they think their man is yellow  
Hit me band You fight real hard  
To make things right'cause he's the only fellow  
Now ain't that a groove  
Ain't that a groove do you hear me people  
Ain't that a groove, ain't the a groove

Look you here I want to know do you love me, yes I love  
you  
One more time, do you love me, yes I really, really do

Do you love me baby, yes I love you  
I just gone, gotta . . . know

Hit me band  
One more again

Look you here  
I got to tell you, dig this  
This will kill you  
A little piece of money and plenty of love  
Will keep everything together, come on band  
Well forget about the money  
Plenty of love and ain't that mellow  
Now ain't that a groove, it's go groovy  
Ain't that a groove, it's so groovy  
Ain't that a groove, it's so groovy  
Ain't that a groove

Look here, I'm not gonna talk all day  
But 1, I wanted to get the feeling  
One more time

Hit me band, listen to that band  
I want to ask them  
Do you love me, yes I love you

Do you love me baby, yes I love you  
Do you love me, yes I love you  
I just gotta, gotta .... know  
Hey ain't that a groove  
Ain't that a groove let me count  
One for the money, two for the show  
Ain't that a groove now here we go  
Goin'on, and one more thing  
I want to say, this is better than cushions  
Christmas only comes once a year  
And this is all year bound  
People can, I'm livin'  
Let me out, I'm gone, yeah I'm going back
