Is it yes, is it no
Did you ever, making me cry
Did you ever, making me die
Was it fun, making me suffer
Was it fun, making me suffer
Now is your answer ves ro is it no

Is it yes or no

I remember when you went home
'Cause you left me you'll all alone
Now was it fun when you said you weren't
The one
Was it fun now when he made his little run
Oh know on the
Is it yes or Lorg is it yes
Or is it no
Is it yes or no

Oh yes now you won't be back
But remember you gave me my little sack
Now darling you made my life complete
Lord just thrown me out in the street now
But I want your answer
Is it yes, is it yes
Oh Lord is it no
Is it yes or no

Tell me, is it yes
Or is it no, is it yes
