### "You've Got The Power"

Visit "[You've Got The Power](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I'm leaving you, darling  
And I won't be back  
I found something better  
Somewhere down the track

Oh, oh, I need you, darling  
You've got the power

You've got the power of love  
In your hands  
You've got the power of love  
To make me understand

Oh, oh, I want you to try me  
You've got the power

I told you, darling  
That I would stand by your side  
Remember the days you made me cry  
But, oh, darling, oh, my little darling  
You've got the power to love

We belong together  
And we love each other  
We belong together  
And, darling, you know I don't  
Have to look no further cause

You've got the power  
I need you, darling (in your hands)  
Oh, yes you have

You've got the power to love  
To make me understand  
You've got the power  
You've got the power  
You've got the power...
