Fellas, things done got too far gone  
We gotta let the girls know what they gotta do for us  
It's than gotta be a drag, man, a man can't do nothin'  
no more  
A-ha-ha-ha-ha

Is really a drag?  
You gotta do somethin'  
Can I count 'em?  
Look me here

Girl, let me tell you what you got to do  
Keepin' me so mellow, so nobody can get through  
When he had to do your lovin', smilin' keeps us cheek  
Walk away and twist your hip, make sure you keep him  
weak  
Don't let nobody take care o' your business better than  
you do  
Do what he wants, give what he wants, expect 'em  
come to you

And than you can hold your men, you can hold your  
men, you can hold your men  
You can hold , hey

Never get so confident was nothin' you want to know  
You caught up your time, you lose your thing, you think  
you got to go  
You know what we got to tell 'em to take a plea until  
balls  
Use your thing so carefully and don't be a total loss  
Sister, when you loved your man, be careful, I ain't  
tellin' that  
He will put you back on the corner, use you like it's in  
the hat

You can hold your men, you can hold your men, you  
can hold your men, you can  
Hold, hey

Hit it  
Good god, kill it

Don't let nobody take care o' your business better than  
you do  
Do what he wants, give what he wants expect 'em come  
to you

Ain't it funky now?  
Can I get some help?  
Look for me some help  
Than clap your hands  
I said, clap your hands  
Put the level little higher  
Put the level little higher  
A little bit higher now  
Put the level little higher  
Ain't it funky now?  
Ain't it funky now?  
Yeah  
People scream  
Can I scream, brother?  
Can I scream, brother?  
Brother, can I scream now?  
Can I scream, brother?  
Yeah, yeah, yeah, yeah  
Gotta scream  
Good god, gotta scream, now  
I gotta scream, now  
I gotta scream, now  
I gotta scream, now  
You want a whole o' men  
I need a whole o' men  
I need satisfy the men  
I need a whole o' men  
I got a whole o' men  
Ain't it funky now?  
Good god, ain't it funky now?  
Hey, yeah, yeah  
Can I get some help?  
I gotta have some help  
I wanna get some help  
Wanna get some help  
I wanna, wanna, wanna, wanna, wanna, wanna, wanna,  
I wanna, I wanna, I wanna  
Yeah, now  
Good God  
Can I, can I, can I, can I, can I, can I, yeah

Never get so confident, so it's nothin' you want to know  
You caught up your time, you lose your thing, you think  
you got to blow  
You know I got what it takes to take a please until balls  
You gotta use it carefully and it can't be a total loss

You girl, looky here

Sister, when you tell your love your man, get how, tellin'  
that

You take upon a planet and use it if it's in the hat

Come on

Can I get some help?

Can I get a witness?

Can I get a witness?

A witness over there?

A witness over there?

A witness, witness, witness, witness

Can I get a witness?

Can I get a witness?

Can I get a witness?

Can?

Can I get a witness?

Hey yeah

Yeah, yeah

Yeah, yeah

Yeah, yeah

Ah

Ah

Can I get a witness?

Ah, lord

Ah

Ah

Brother, do you know what I'm talkin' about?

Brother, do you understand it now?

Ha

Brother Byrd, you know what I'm talkin' about

Ha

Can I get a witness?
