There are four black horses
With eyes of flamin' red
Their rovers are tied with ribbin'
All around my baby's head

The bells are ringin'
And their sail, goin' sea
Yes I know why they're ringin'
They ring on for me, yeah

Baby please forgive me
I know I've caused you pain
I'll place your tears with diamonds
Just to see, face again

The bells are ringin'
And their sail, goin' sea
Yes I know why they're ringin'
They ring on for me, for me

No no
I wish I could see my baby

Baby please forgive me
I know I've caused you pain
I'll place your tears with diamonds
Just to see, face again

The bells are ringin'
And their sail, goin' sea
Yes I know why they're ringin'
They ring on for me, for me
They ring on

Ashes into ashes
Dust to dust
Ashes into ashes
