Ooh, ooh, ooh, ooh

I got a good thing, I ain't gonna give it up
I got a mighty good thing, I ain't gonna give it up

Girl I got, just won't quit now
She won't stop lovin' for just a little bit

She's fine as wine, she's just my kind
That ever so fine, it wanna make me blow my mind

I got a good thing, ain't gonna give it up
I got a mighty good thing, ain't gonna give it up, ha

She knows how to love me when I'm feeling bad
She knows how to send me, whoa, she makes me feel
so glad

She's my sex machine, she knows just what to do
She knows how to love me, she just makes me feel so
true, uh

Squeeze me when I'm feeling bad
She knows how to send me, ah, she make me feel so
glad

I got a good thing, I ain't gonna let her go
I got a pretty good thing, I ain't gonna give it up, uh

She knows how to love me when I'm feeling bad
She knows how to send me, she makes me feel so glad

She picks me up, never lets me down, ah, she brings
me up, ah
She gives my monkey somethin' to talk about

Hey, I got a mighty good thing, ain't gonna give it
Know I got my sex machine, I ain't gonna give it up

Do you want a good thing, don't have to give it up
Do you need a good thing, ain't gonna give it

Everybody got a good thing, they ain't gonna give it up
It's my thing, I ain't gonna give it up

My thing, will not give it up
It's my thing, I ain't gonna give it

Can I holler? Yeah, let me know, yeah
Can I holler? Yeah, can I holler? Yeah

Can I holler? Yeah, can I holler? Yeah
Can I holler? Yeah, let me holler, yeah

Ooh, ooh, ooh, ooh, ooh, ooh

Hey, hey, hey
I wanna play some funky organ
Some funky organ
Some, some funky organ
Some, some funky organ
