(CHORUS)

Three hearts in a tangle  
And one heart will have to break  
Three hearts in a tangle  
What will be the loser's fate

One heart, I'm tied to  
And the other heart  
Our love is true  
Either way I go  
I'll bring sorrow, yeah, and  
One heart will be broken in two

If I had to choose  
Either one of these hearts  
Then the other heart  
I'll surely break

And if I ever leave  
I will suffer, yeah  
And who's heart will  
Pay for my mistake

(CHORUS)

Now I sit by my window  
I'm watching the people  
Go dancing by and I'm  
I'm trying to reach a decision  
And I'm afraid I won't do what's right

(CHORUS)

I want you to sing  
A little bit louder

(CHORUS) 2X to fade
