I've got a whole lot of money
A fine place to stay
I've got three or four cars
I ride around everyday

I ain't doin' too bad
Lord, I ain't doin' too bad at all
Well, I ain't doin' too bad now, baby
Lord, I ain't doin' too bad at all

I don't like work
And work don't like me
And we stay away from each other
That's the way it ought to be

I ain't doin' too bad
Lord, I ain't doin' too bad at all
Well, I ain't doin' too bad now, baby
Lord, I ain't doin' too bad at all

Every time you see me
I'm wearin' fine clothes
And everything I touch
Seem to turn to solid gold

I ain't doin' too bad
Lord, I ain't doin' too bad at all
Well, I ain't doin' too bad now, baby
Lord, I ain't doin' too bad at all

I got a book full of girls
That I can call on the phone
And they all dig me
'Cause my conversation is so strong

I ain't doin' too bad
Lord, I ain't doin' too bad at all
Well, I ain't doin' too bad now, baby
Lord, I ain't doin' too bad at all
