Come back, baby
Please do not go
How much I love you
You never know

Come back, baby
Talk it over one more time

Love you, woman
You know that I do
Love you, baby
All the way through

Come back, baby
Talk it over one more time

I woke up this mornin'
Baby, you've gone
Is there any crime without doubt?

Come back, baby
Talk it over one more time

Come back, oh, to me
Love you, baby
Oh, set me free

Come back, baby
Talk it over one more time

Come back, girl
Please do not go
How much I love you
You never know

Come back, baby
Talk it over one more time
