James Elmore
"Held My Baby Last Night"

I held my baby last, until everything was allright
I held my baby last, until everything was allright
She woke up early in the morning, baby,
All she gonna do was fuss and fight

She said baby, baby, baby, baby please come back to
me
Yes, now baby please come back to me
You know I love you baby,

And you know all your love is free

Now it's past ten in the morning, babe
And everyting is goin' on wrong
Yes, you know everything is goin' on wrong
You know I been with you so long baby, ah,
But now you thinkin' to* drive me away from home
