If you could have been a front seat girl
You would have been
But you look more like a back seat girl
So come on in

No you can't put your drink down
Can't turn the heat down
Don't have my TV yeah
Baby just let it burn down
Down to your finger
Just like your cigarette

Look like a back seat girl to me
So come on in
So many things get lost you see
You never win
Baby if you're not a back seat girl
Then why you got me driving around
I drive you crazy just to slow you down
You do whatever just to see the world
Okay then just admit it back seat girl

If you could have been the travel girl
You would have been
You look more like a survivor girl
Swimming in gin

No you can't put your drink down
Can't turn the heat down
Don't have my TV yeah
Baby just let it burn down
Down to your finger
Just like your cigarette

Look like a back seat girl to me
So come on in
So many things get lost you see
You never win
Baby if you're not a back seat girl
Then why you got me driving around
I drive you crazy just to slow you down
You do whatever just to see the world

Okay then just admit it back seat girl
