Gun fire left a hole in the tank, losing gasoline
Fire is on my trail and he's after me
Hope it don't get here before I get where I'm going
I gotta get where I'm going, take off my mask to
breathe
You could have been a part of a masterpiece
The fluid in the brakes was the last to leak.
That's the thing!

Chorus:

Where I'm going I don't need my brakes
Can't wait to see your face,
When your front windows brake
And I come crashing through
The lovers need to clear the road
Cause this thing is ready to blow.
I just wanna set you on fire so I won't have to burn
alone,
Then you'll, then you'll know where I'm coming from
Fire bomb,
Fire bomb.

Seems cold, but baby know it doesn't have to be
Microwaving our mental tragedy
Watching it burn and it's beautiful
And it's blue and it's pitiful
When it's through it's the other half of me
I didn't do it, you lit the match for me
Now we're flying from the blast, baby
That's the thing
Where we're going we don't need no brakes!
Can't wait to see your face,
When your front windows break
And I come crashing through

Chorus:

The lovers need to clear the road
Cause this thing is ready to blow
I just wanna set you on fire so I won't have to burn
alone
Then you'll, then you'll know where I'm coming from

Fire bomb!
Fire bomb!

Baby, we were killing em
They couldn't handle the millionth degree
We were criminals,
Cause we were burning the world, call the police
Fire department,
Ambulance,
You can call me crazy
Cause I believe the only move for me and you is to go
out blazing.

Chorus:
The lovers need to clear the road
Cause this thing is ready to blow
I just wanna set you on fire so I won't have to burn
alone
Then you'll, then you'll know where I'm coming from
Fire bomb,
Fire bomb!
