If I had the song
Perfect song
I'd play it for you all the time
And if I knew the word
The truest words
I'd read you every line
And if you couldn't sing
How you'd make it
And if the weight of the world's breaking you
I'd hold it up every time

And I'd do it all for you
Girl I'd do it all for you
Baby for you I would forge it so you could stay
For you I would die then I'd die again
Cause I got nothing to lose
But you, you
I'd do it for you
For you
For you

If you're far away
Yeah far away
Somehow I'd learn how to find
And if you needed love
The deepest love
I'd gladly give you mine

So if you lend me brakes cause it's raining
I'll keep you dry
And if the times are hard
And you lose your faith
I'll bring an angel down to be your guide

And I'd do it all for you
Girl I'd do it all for you
Baby for you I would forge it so you could stay
For you I would die then I'd die again
Cause I got nothing to lose
But you, you

There's no way in this world I could make it without you
I don't care where I gotta go or what I gotta do
Girl I swear it cause you know it's true
I'd do it all for you

For you I would forge it so you could stay
For you I would die then I'd die again
Cause I got nothing to lose
But you, you
I'd do it for you
For you
For you
