Accidentally on purpose  
I drop my watch behind the tire  
Put my alarm clock inside the fireplace  
And I put the autopilot control oh  
On the news and the weather channel  
I'm outside in my robe  
I'm looking for you

If everything stopped  
I'd listen for your heart  
To lead me right to you yeah  
I tried every way I can

But It's hard to hold on  
To your hands and the hands of time  
I need a hand  
Girl I'm tryna hold on  
Losing strength in these hands of mine  
I need you here  
I'm tryna hold on  
I'm standing here  
open hands and I know  
I can't do this alone  
Hold on hold on  
Baby hold on

I don't think this is working  
Need you so hard my hands are hurtin  
Hard to let go in the first place yeah  
And I put the phone on the front lawn  
Everything shows time is gone  
I'm outside in this cold still lookin for you

If everything stopped  
I'd listen for your heart  
to lead me right to you yeah  
I tried every way I can

But it's hard to hold on  
To your hands and the hands of time  
I need a hand girl  
I'm tryna hold on

Losing strength in these hands of mine  
I need you here  
I'm tryna hold on  
I'm standing here, open hands  
And I know I can't do this alone  
Hold on hold on  
Baby hold on

If everything stopped  
I'd listen for your heart  
To lead me right to you yeah  
I tried every way I can

But it's hard to hold on  
To your hands and the hands of time  
I need a hand  
Girl I'm tryna hold on  
Losing strength in these hands of mine  
I need you here  
Tryna hold on  
I'm standin here open hands  
And I know I can't do this alone  
Hold on, hold on  
Baby hold on
