I'm not an expert,  
Think about it make my head hurt (head hurt),  
Breathing hard make my chest hurt (chest hurt),  
Got me thinking that I messed up (messed up),  
I really like you In the red skirt,  
I even like you In the white shirt,  
You look good In cold weather,  
And walm weather even better,

(ooh oh ooh oh)  
I'm in love, And theres something I need to know,  
Because,  
I don't know everything about woman,  
But I know what I like.  
Cause It's right infront of my face.  
I might not know woman,  
But I know what I like, And I really want you to stay.

(Ahh a-a-a-a ahh)...  
I'm not an expert.  
When they call up Im with her,  
When you need me Imma get ya,  
When you leave Im like I miss her,  
I really like you In the red skirt,  
I even like you In the white shirt,  
You look good In cold weather,  
And walm weather even better.

(oooh oh ooh oh)  
I'm In love, And theres something I need to know,  
Because,  
I don't know everything about woman,  
But I know what I like.  
Cause It's right infront of my face.  
I might not know woman,  
But I know what I like, And I really want you to stay.

(Ahh a-a-a-a ahh)  
Your eyes, Your smile,  
Your face, Your style,  
And more.The most beautiful in the world.

X3

I don't know everything about woman,  
But I know what I like.  
Cause It's right in front of my face.  
I might not know woman,  
But I know what I like, Cause I really want you to stay.
