Remember when i had yo in my heart  
When i'd never give it up again,  
Broken, i'm not here it is as if you want it  
Maybe you would if i were mine  
Maybe you would (-----) and gimme a ride  
Don't matter, it's over, i was coming back here anyway

- CHORUS -

This is the body to show when we fall right back in love  
The strenght is hard to give right now  
So damn, you're down  
When you love someone. you gotta trust them,  
You might rely in, and, and and i might rely in  
Nothing is never for nothing, you might rely in. and and  
But i'll always love you  
It's real i love you, i love you (x4)

Remember when i got you in the lab  
When i was another to set you free  
Come back, doing bad by myself, as good as it seems  
Even if we never make it bad  
I love you and i will never take it back  
No matter what they say  
Love is coming back here anyway

- CHORUS -

This is the body to show when we fall right back in love  
The strenght is hard to give right now  
So damn, you're down  
When you love someone. you gotta trust them,  
You might rely in, and, and and i might rely in  
Nothing is never for nothing, you might rely in. and and  
But i'll always love you  
It's real i love you, i love you (x4)
