i told you not to make me mad please  
when i get mad you wouldn't like me  
i turn into some kind of monster  
go out to the bar and do some bad things

girl i'm outta control i know there's going to be  
casualties  
why'd you let me go let him know  
your the only one who can stop me  
your the only one who can stop me  
your the only one who can stop me  
therefore i need you around me  
your the only one who can stop me

help help stop me  
help help stop me  
help help stop me  
help help stop me

she steps on the floor her touch it calms me  
hard to resist her body calls me  
i tried to fight i ended falling  
nobody move on her good body

girl i'm outta control i know there's going to be  
casualties  
why'd you let me go let him know  
your the only one who can stop me  
your the only one who can stop me  
your the only one who can stop me  
therefore i need you around me  
your the only one who can stop me

help help stop me  
help help stop me  
help help stop me  
help help stop me  
stop me, stop me, stop me, stop me

girl i'm outta control i know there's going to be  
casualties

why'd you let me go let him know  
your the only one who can stop me  
your the only one who can stop me  
your the only one who can stop me  
therefore i need you around me  
your the only one who can stop me

help help stop me  
help help stop me  
help help stop me  
help help stop me  
stop me, stop me
