feat. Kevin McCall

First I was falling in, now I'm falling apart
Now that I'm lonely, I hear your body calling for me,
hey
I hear your body calling for me, ehe

[Bridge]

Cause we all have fall
Sometimes for nothing
But I'm over that now
You gotta stand for nothing
Baby, I swear

[Chorus]

I'ma just stop trippin,
I'll just stop trippin
I'll just start living
I won't let you down now
I'll just start kissing
I won't let you down now
I'll just stop trippin
I won't let you down now
I'll just stop trippin
I'll just stop trippin
I won't let you down now
I'll just start living
I won't let you down now
I'll just start kissing
I won't let you down now
Don't leave me in the dark

I'm only human, but someday I'll try to start
Treating you better, cause I don't want nobody but you,
you
Cause I don't need nobody but you, you

[Bridge]

Cause we all have fall
Sometimes for nothing
But I'm over that now

You gotta stand for nothing
Baby, I swear

[Chorus]

I'ma just stop trippin,
I'll just stop trippin
I'll just start living
I won't let you down now
I'll just start kissing
I won't let you down now
I'll just stop trippin
I won't let you down now
I'll just stop trippin
I'll just stop trippin
I won't let you down now
I'll just start living
I won't let you down now
I'll just start kissing
I won't let you down now

Lately, I've been thinking bout your love,
It's the only thing I can't get enough
I won't let you down now
I won't let you down now, tonight, yeah

[Chorus]

I'ma just stop trippin,
I'll just stop trippin
I'll just start living
I won't let you down now
I'll just start kissing
I won't let you down now
I'll just stop trippin
I won't let you down now
I'll just stop trippin
I'll just stop trippin
I won't let you down now
I'll just start living
I won't let you down now
I'll just start kissing
I won't let you down now.
