Swear I would do you right now  
If you'd let me, that's all it takes I'm asking now  
You're so sexy, swallow that , back down  
Baby you ask me you know how it goes, make that  
sound

Whoa, every word you say is yes to me  
,I said I got a question babe for you  
She said yeah, yeah, yeah,

Why would you tell me no?  
When you can tell me yes  
Why would you tell me no?  
Why would you tell me no?  
When you can tell me yes

Whoa, every word you say is yes to me  
,I said I got a question babe for you  
She said yeah, yeah, yeah,

Why would you tell me no?  
When you can tell me yes  
Why would you tell me no?  
Why would you tell me no?  
When you can tell me yes

Whoa, every word you say is yes to me  
,I said I got a question babe for you  
She said yeah, yeah, yeah,

Why would you tell me no?  
When you can tell me yes  
Why would you tell me no?  
Why would you tell me no?  
When you can tell me yes.
