Vs 1

I know you're praying for a change  
To see a sunny day  
Nothing good has come your way for so long  
You need someone to understand this place your heart  
is in  
You just want to dream again and believe

Pre Chorus

Your skies may look dim and grey  
But know your breakthrough's not far away

Chorus

So hold on  
You are too close to give up now  
You have so much to live for  
Remember what you prayed for  
Hold on, please don't let go in this season  
Know that flowers bloom when rain falls  
You just hold on

Vs 2

You ask when will this go away  
Know that God can feel your pain  
Believe He'll never fall short of His word  
Sometimes we forget that He holds us His hands  
But I'm reminding you don't give up

Pre Chorus

Chorus

Bridge

I've been where you are  
Almost at the breaking point in my life  
I know you say it's impossible  
But you've got to hang on cause it's just about over

Vs 3

All of your dreams  
All of your desires are coming to pass

So I'm telling you don't lose your faith  
Hold on to His word don't give up

Pre Chorus

Chorus

Vamp

Never let go (4x)

You are too close now
