We were lost and we were broken, we were hopeless
but Your love came down, Your love came down
we were sinners, hearts full of lust, but
you didn't leave us yeah Your love came down
Your love came down

God and king you left Your throne You're
born of a virgin, yeah Your love came down
Your love came down

Your love came down to save us
Your love came down to raise us
Your love came down Your love came down
Your love came down to free us
Your love came down to redeem us
Your love came down Your love came down

We were sinking, gasping for air
in need of mercy - so you're love came down
Your love came down

Healed our sickness and diseases
by Your stripes Lord -- because Your love came down
Lord Your love came down

God and king you left Your throne You're
born of a virgin, yeah Your came down
Your love cam down

Chorus:

We were lost in need of a savior
(we needed someone to rescue us oh God)
someone who could give us hope
(we were so hopeless -- a hopeless generation)
we were so in need of a hero
someone who could break our chains
(we needed chains to be broken)
So you came down from Your throne and
with Your love you lifted me

Chorus:

Your love came down (love came down)
(4x)

Your love came down , Your love came down (8x)

Your love, Your love, Your love

Your love came down, Your love came down

Just for me , you had me on Your Mind
(ad lib)
weâ€™re so grateful...
