Verse

We enter in with hearts of praise  
To honor you the God of grace  
Receive our hearts, our offering  
We bring to you the Sovereign King  
With cries of worship, purified hearts we come

Pre Chorus:

Make a sound (Make a sound)  
Make it loud (Make it loud)  
For the King (for the King)  
Mighty God (Mighty God)

Come one lets give him a sound, a sound of worship  
That's what He wants  
That's what He desires today  
A sound of praise  
Take over this place  
Invade our space Lord
