Good bye problem
good bye pain

I'm over you now
I'll never see you again

Good bye problem
good bye pain

I'm over you now!
I'll never see you again!

I can't do it no more
I've decided
I have to let it all go
tears, I've had them
now I'm smiling

Chorus

NEVER AGAIN!

(Repeat)

Bridge

When I had enough
and put my trust in the LORD
everything in my life had to change
I'm not going back no more
I'm moving forward

aaahh

Ooooh
repeat

Never AGAIN!
