I'm looking for a new balance  
just can't handle this, and  
i'm living in your ambience, and  
I'm fighting a new challenge  
something in the way, and  
it's too much to handle

You're loosing my patience  
the way you dissapear and  
you're never there when i need you here, and  
my temple it's rising  
i can't accept the truth, and  
there's no way it's happening

Chorus:  
Stay with me now  
Don't stray from me now  
I want you now  
I want you now  
Don't go to him now  
he don't care for you now  
I want you now  
I want you now  
I'm searching but not finding  
your eyes they sing to me  
but do not share their misery, and  
there aint no denying  
the boy you left behind  
and the mess you created

This world i getting smaller  
just no room for the two of us  
just wants nothing to do with us  
i know that i can't take it  
running lost and running gone  
she's gone for good

Chorus X2

(Guitar solo)

oohhhhh ohhhh ohhhh
