White man, black man listen to me
Hear what I've got to say
You've got to learn to live together
Right now, right away

Before it's too late
Before it's too late

Black man forget the hate
That's been around for so long
White man you've got to know
That sometimes you've been wrong

About your brother
'Cause he's a good man
You know he's just like you

The time's gonna come
The time's gonna come

Before it's too late
Before it's too late

Sometimes I get the feelin'
That it's never gonna end
When a brother and a sister
Somehow become friends

To love each other
Is a good thing
And to know is to love

You've got to love one another
You've got to learn to live together
You've got to love one another
You've got to learn to live together
