Still In The Game

Well they tried to keep me down
Put me in my place
Well I might be walkin wounded
But I'm still in the game
All thee odds were stacked against me
Got me runing from my name
It aint over till it's over
But I'm still in the game
Well don't think I'll just go
Quietly into the night
And don't think that I'll go
Gonna break threw this darkness
Stand in the light
Well I might of lost a couple
But I'm not a shamed
As long as I'm still breathing
I'm still in the game

No don't think I'll just go
Quietly into the night
And don't think that I'll go
Gonna break threw this darkness
Stand in the light

Well I've taken and I've given
I have cried and played in pain
Well maybe that's just liven
But I'm, I'm still in the game

Ya they tried to keep me down
Tried to put me in my place
Well I might be walken wounded
But I'm still in the game
Ya I'm still in the game
Ya I'm still in the game
