In a minute, dear
Love holds second
It'll come clear
Do you see pity
Do you see love
Ride away, dear love
Dash away
No-one hears you call
Do you see pity
Do you see love

In the morning light you lay by my side
In the evening your love begins to shine
World is changing but my love won't lame
Do you see clearly
Do you see love
Do you see anything at all

And there's that never comes back down
And it feel like something's gonna happen now
World is changing but my love won't lame
Do you see beauty
Do you see love
Do you see anything at all

In a minute, dear
Love holds second
It'll come clear
Do you see pity
Do you see love
Ride away, dear
Now dash away
No-one hears you call
Do you clearly
Do you see love
It calls your name
No matter how you try
And i can't recall
A time when i didn't love you

Do you see clearly
Do you see love

Do you see anything at all
And all this time we waste
Precious time we waste
I get through
Do you see clearly
Do you see love
Do you see anything at all
And all this time we waste
Precious time we waste
I can't take it any more
Love love love
Love is what you need
And love what you need
Ooh
