No-one's gonna hurt you
Not any more
Ever since i've met you
I've grown to adore you
And i know they hurt you
Bruised and sore
No-one's gonna hurt you
Not any more
And i want to love you
A nightingale belongs to
Sleep and soon

No-one's gonna hurt you
No-one's gonna hurt you
Not any more
No-one's gonna hurt you
No-one's gonna hurt you
Not any more

If i hold you close
I will take you to
A secret world
Where no-one knows
And i want to love you
The nightingale belongs to
Safe and sound
No-one's gonna hurt you
Not any more
No-one's gonna hurt you
Not any more

You tried and so many years
Ran away
Still pray the heart
Oh you know this is a last chance
Forever gonna make
No-one's gonna hurt you
I will never leave you
Not any more
No-one's gonna hurt you
I swear to God i need you
There is no more

No-one's gonna hurt you
Ooh
Yeah
There is a love for me
All my life silver stars
All my life stand alone
