I come back to me, darling
I'll say your heart is free
To be with someone else
Who loves and cares and talks to you
It's me
And when you want to stay
Do stay
And if you're undecided
You know there's no denying
Our love to you
I'll be around to run to you
It's me

See the sun
And what you can't learn
And everyone who
See the sun
And what you can't learn
Feel the warmth love gives
To everyone and everything
I know you feel the same

I know it's the hardest to do
I know and if you're gone
Well i'll come find you
I know that in a day or two
When things are quiet over you
There's no wrong and on

See the sun
And what you can't learn
And everyone who
See the sun
And what you can't learn
Feel the warmth love gives
To everyone and everything
I know you feel the same

I told you i told you
That when we feel apart
I wrote you i wrote you
A next you'll fall apart

Of you
Don't deny it
Feel the warmth loves give
See the sun
And what you can't learn
Feel the warmth loves gives
