Ooh
Ooh
Ooh
And i need you tonight
You lay sleeping by my side
And i worry, dear
When things you say are bright and gay
And i want to hear your words
Of encouragement
And not a soul
Just i will know

We're lovers dear
And we're honestly
Together somehow
And tied with silver string
We'll live for ever and ever
Until you decide

And downhearted
And down 'cause we live apart
No, i can't fake it
Not for one more day
Is there someplace we can go
Where we can make a go
It's up to us to care
In you i trust
In all things there's a must
And never leave again

We're lovers dear
And we're honestly
Together somehow
And tied with silver string
We'll live for ever and ever
And if you decide
And don't lie
You know there'll still come a time
We're lovers dear
And we're honestly
Together somehow
And tied with silver string

We'll live for ever and ever
And if you decide
Ooh
