Won't change my mind, I'm on my way,  
Wanna see this paradise.  
I have a dream, and it's so clear,  
Won't think about it twice.  
(No, No)

Don't try to tell me what to do,  
Don't try to turn my head.  
(No)  
Don't try to tell me who I am,  
'Cos freedom lives in me, so wild and free.

Chorus

(Yeah, yeah)  
There's gotta be, a better way,  
To put the love, inside my life baby.  
There's gotta be, a better way,  
Without your loving here, when will I find love.

I'm coming down, on promises,  
Wanna put 'em far away.  
(Yeah, yeah)  
'Cos what I feel, is oh so real,  
It's gonna be a better day.  
(Yeah)

Don't try to tell me what to do,  
Don't try to turn my head.  
(No)  
Don't try to tell me who I am,  
'Cos freedom lives in me, so wild and free.  
(Yeah, yeah)  
There's gotta be, a better way,  
To put the love, inside my life baby.  
There's gotta be, a better way,  
Without your loving here, when will I find love.

I can feel it, as the time goes by,  
(time, time, time, time)  
You spirit getting closer and closer,  
I must be on a natural high,

Â‘Cos IÂ’m feeling no pain.  
(No, No, woohoo)  
(Yeah, yeah)  
ThereÂ’s gotta be, a better way,  
To put love inside my life baby.  
ThereÂ’s gotta be, a better way,  
Without your loving here, when will I find love.

Â‘Comes the answer, whatÂ’s the question.  
All I want to know  
(If you wanna be free) talk to me,  
But if you wanna run, IÂ’ll let you go,

(Yeah, yeah)  
ThereÂ’s gotta be, a better way,  
To put the love, inside my life baby.  
ThereÂ’s gotta be, a better way,  
Without your loving here, when will I find love.

(Yeah, yeah)  
ThereÂ’s gotta be, a better way,  
To put the love, inside my life baby.  
ThereÂ’s gotta be, a better way,  
Without your loving here, when will I find love.

ThereÂ’s got to be, a better, better
