Tear drops are falling
Tear drops are falling
(cry go on cry)
(cry go on cry)

Tear drops are falling out of my eye
Tear drops are falling I wonder why
Tear drops are falling Oh you made me cry
(you made me cry)

My heart is aching almost breaking
If you hear me come back to me
Tear drops are falling and you made me cry

Yes tear drops are fallen from my eyes
yes, yes, yes you made me cry
when you went away you stayed with me so long
come back my dear

My heart is aching almost breaking
If you hear me come back to me
Tear drops are falling and you made me cry
(cry go on cry)
(cry go on cry)
