Training wheels and ticking clocks
Open fields and late night docks
Lets build a castle up into the sky

I am young and I am free
And I don't like what you do to me
Lets take a drive and
Ask these questions why

What's the meaning of the only way
And what's the point if you got nothing to say
Save the world
I wanna see you try

I need to la la la la love somebody new
Cause without la la la la love
I am nothing without you
Whoa I am nothing without you

They say love is patient
Love is kind
But I'm not dumb
I'm not blind
Not too much of this down the street

Smoking signs and movie shows
I see a face but no one knows
Tangled up I'm lost between these sheets

People come and people go
But I want more than just a ho
Deeper than the deepest blue sea

I need to la la la la love somebody new
Cause without la la la la love
I am nothing without you
Whoa I am nothing without you

Do you know
How I get
When I am in love
You'd be so lucky

If I found that you
Are the one

I need to love love love
I need to love love love
Love
I need to love love love love love somebody new
Cause without love love love love love
I am nothing without you
Whoa I am nothing without you
Whoa I am nothing without you
Whoa I am nothing without you
