Intoxicate my life  
Keep wanting more  
Never away from me

Now I feel it's over  
Still I can't let go  
Feel the cold's colder

I'm laying down  
It washes over me  
The only time I feel alive

The cravings never end  
Please come again  
Take what you want from me

Drifting there again  
Here I lose my way  
As it slowly invades me

I know I'll never feel the same  
No complicated moods today

I know I should leave you  
But I can't resist you  
If you touched them  
Then they'd understand

If they gave you a try  
Know the reasons why I  
Love this Stranger  
More than I love them

(Lead Keys)

Now I'm with God again  
Just you and me my friend  
I know You'll never leave my side  
My body simply slips away

They say I should leave you

But they've never met you  
If you touched them  
Then they'd understand

If they gave you a try  
Know the reasons why I  
Love a Stranger  
More than I love them
