Produced by mikey doling/tumor fahnestock and jim wirt

Engineered by jim wirt

Guitars: mikey doling

Bass: tumor fahnestock

Drums: shannon larkin

Turntables: dj product

Yeah

I gotta get through this shit (strait up)

Momma told me that there'd be days like this (strait up)

You it's easy to forget what my purpose is (strait up)

Just when I feel like everythings cool my drama starts surfacin' (strait up)

And all that drama hard to not let it blind you

So you gotta put that fake shit behind you

Don't let your enemy remind you of that time you fucked up

My boy would have told your to shut the fuck up (strait up)

I see fools laughin' and I wanna cry

I see fools livin' it up, and I wanna die

Shit I feel like I got one foot in the grave already

I feel like jesus is out to get me

Test me, and watch me fail

Uh huh huh huh

But I know it's not to late for me

He told me there's more out there than just hate out there for me

Yeah, I see you on a painted road

And I miss you, I can't see you, but I feel you

Yeah I feel your soul, you know this

No matter what I know you still got my back

Heh I know where you at

I gave everything

I lost everything

I want everything

I lose everything

I hate everything
(strait up)

Huh I know where you at
I can't find you (I can't find you)
I can't find you (I can't see you)
I can't find you (I can't find you)
Why why

Back up, shut up, disappear
What, shut up, wake up, I'm over here, what

Yeah, I woke up and I cursed the day (strait up)
I woke up and I prayed for this pain in my chest to go
away
Jesus, he just laughed at me

Said my life was a tradgity and I was lost for all eternity
I was, nigga why are you forsakin' me?
Huh, maybe you breakin' my heart (strait up) aww man
If I could just go back and start over again
Just have one good friend
Shit, I'd take that shit to the top (strait up)
And never stop (strait up)
Bring that shit back again..hahahahaha
Yeah, damn, just one good friend
Huh, I'm over here, come back now, show me how
I don't care any more, I can't, I can't take it
Close to the edge, and I'm breakin' down
Yeah you see me breakin' down

I gave everything
I lost everything
I want everything
I lose everything
I hate everything

Yeah I know where you at
I can't find you (I can't find you)
I can't find you (I can't see you)
I can't find you (I can't find you)
Why why

Everyday another liar
Here comes another thief
Prepair yourself for much more sarrow
Depend on much more grief
Everyday another liar
Here comes another thief
Prepair yourself for much more sarrow
Depend on much more grief

I try (and understand)
I can't find you (I can't find you)
I can't find you (I can't see you)
I can't find you (I can't find you)
Why why

Back up, shut up, disappear
What, shut up, wake up, I'm over here, what
Back up, shut up, disappear
What, shut up, wake up, I'm over here, cause
Wake up, get up, walk away
Wake up, get up, walk away
Wake up, get up, walk away, what
Wake up, get up, walk away, what
