"Civilized Man"

There are walls just to get to you
You can hit me if you don't mind black and blue
You set me up
Not gonna fall
Run away

Went to sleep a long time ago
Several years since I hurt anybody
Don't wake me up
Let me sleep
Won't do you no good

Just keep to myself
Yeah yeah ye-eh-eh
Nobody want a part of this

It's hard to be a civilized man
Times I wanna be just what I am
Woah catch yourself
Wanna wind up in jail?
Better smile and watch football

Civilized man
I ain't no civilized man
Civilized man
Wasn't born to be a civilized man

That's it, I ain't got no more to say
