Would you be the "one last shoplift" millionaire?
Would you be the infinitely " I don't care"?
Would you be the "lifeline" or the "rodeo clown"
Would you be the "can't stop bithching, make me leave
again"?

I'm troubled by your will
At best a little pill
The semi-concious kind
Perhaps you have the time

Hey, you could be the chemical

Would you be the "one more time for goodness sake"?
Would you be the "not now babe, my fingers ache"?
Would you be the "how long will your finest hour take?"

I'm taken by your will
At best a little pill

Hey, you could be the chemical

Would you be the "have my dose of Novacain"?
Would you be the "can't stop talking, make me leave
again"?

I'm taken by your will
At best a little pill
The semi-concious kind
Perhaps you have the time
To fill me up enough
Resuscitate a love

Hey, you could be the chemical
