"Finding Myself Again"

I couldn't take it anymore  
When I last saw you go out the door  
All of the years and all of the tears  
Loosing you brought real my worst fears  
You have shaken me to the core

When you left you took my soul  
Left me dying in a black hole  
What I really misunderstood  
Was that you did it for my own good  
I'm finding myself again

You left me so battered  
(left me so battered)  
My life has been shattered  
(life has been shattered)  
I don't know how you walked away so fast  
Our love is deeper and thought it would last  
Finding myself again

Now I am clawing my way back into the light  
It is proving to be my life's hardest fight  
How did I get so down and so lost  
Loosing myself came at such a high cost  
My heart still breaks more everyday  
I want you back, there must be a way

I will prove to you I am worthy again  
I will wait until then  
No matter how long this journey will be  
I am finding myself, this you will see

(Finding myself, Finding myself, Finding myself,  
Finding myself again))

Now I am clawing my way back into the light  
It is proving to be my life's hardest fight

How did I get so down and so lost  
Loosing myself came at such a high cost  
My heart still breaks more everyday  
I want you back, there must be a way  
(I want your forgiveness as I find myself again)
