I love you (Lyrics by Kristen Henderson)

-----  
What did I know of the world,  
what did I know of the girl,  
who would change me,  
who would make me,  
happy?

So it's a love song  
don't shoot me, millions of teenagers  
can't be wrong  
I'm just trying to shout out  
what I've been dying to say:

I love you-- there, it's etched in plastic  
I love you, in that innocent way

hold on my cell phone's ringin'  
oh no it's not, just my heart singing

Is it so bad to be tragically happy?  
the sun shines on the landfill  
and a requiem's kind of snappy  
What's so awkward about skipping along  
to some chipper and bouncy  
upbeat love song?
