Remember Me
(Lyrics/Music-James Miller)
-------------------------------------
it's Been a while, since I've seen you round here
What ya been doin' with yourself these days?
look at me, when I'm talking to you
Mmm…
I remember everything we did, we done, we didn't do
but most of all I remember you
I do, I remember you
I do, I remember you
My beautiful girl, My beautiful girl

We can live together
Been a while, seen you 'round here
Where ya been these days?
look at me, when I'm talking to you
Remember when you were young?
Remember when you were young?
I remember you, I do
I sure do, I sure do
