Huh Huh
Too many times she has been let down
I tried my best to reach her
But I guess I'm just Huh now
She's heard it all before
Too many times I'm sure
Girl you can't ignore
The Huh outside your door

Don't close your eyes
You're missing a good thing
Don't close your eyes
Stay on this ride
Just one more time
It's too early to say goodbye

Well, she sees the world through the eyes of her
mother
There's always room, room to criticize
Every man a potential lover
And every girl a demon in disguise
She thinks she knows your game
Like everyone's the same
Like everyone's to blame
Baby it's a shame

Don't close your eyes
You're missing a good thing
Don't close your eyes
Stay on this ride
Just one more time
It's too early to say goodbye

Don't you say goodbye
Don't you say goodbye
Huh
This poison in your veins
When will you let it out
I wanna scream and shout
It's not (?) what life's about

Don't close your eyes

You're missing a good thing
Don't close your eyes
Stay on this ride
Just one more time
It's too early to say goodbye

Oh oh, Huh
Don't you, don't you say goodbye
Can't go now
Can't go now
Don't you say goodbye
No you can't say goodbye
I know you can't say goodbye
You can't say goodbye
No you can't leave
