James Morrison
"Fix The World Up For You"

I can tell you now
When I'm here to listen
To what I've got to say
All my words unplanned
Just like us they are waiting
To come together
I don't know if we're ready to take our train

But I, oh I, I'm gonna fix this world up for you
I'll try, I'll try to build it all around you
You'll never gonna have to be alone
You'll always know you got someone
To fix the world up for you

Well I'll bet I'll get it wrong
More times that I get it right
And I won't even realize it
But I've been doing all I can
To stop you falling
Even now I'm holding my breath for you

But you don't know, you don't know

That I'm ready to hold you now, hold you now

I, oh I, I'm gonna fix this world up for you
I'll try, I'll try to build it all around you
You'll never gonna have to be alone
Yeah you'll always know you got someone
To fix the world up for you

Yeah, when the world comes crashing down,
I'll be there, yes, you know i will

Im gonna fix the world up, up for you
Im gonna fix the world up, up for you
Im gonna fix the world up, up for you
Im gonna fix the world up, up for you
Im gonna fix the world up, up for you (when it all comes
crashing down)
Im gonna fix the world up, up for you (when theres
nobody to help out)

Im gonna fix the world up, up for you (when it all comes
crashing down)
ooooooooooooh
