Since you've gone  
Nothing seems to fit no more  
Nothing's as it was before

Everyday  
Is a battle that I just can't win  
I know I won't see you again

But I keep waiting for the night  
I close my eyes and hope you'll find me sleeping

Coz in my dreams  
We can spend a little time just talking  
In my dreams  
We are side by side just walking

Oh well the feelings that we used to know  
The places we used to go  
Are all still there  
In my dreams  
On the front of crossbar of your bike  
We can go any place, anywhere you like  
In my dreams

And as hard as it seems  
Till then I'll wait  
To see you again  
In my dreams

Don't you wake me up  
I don't wanna go nowhere  
I could wait here for a zillion years

You're gone too soon  
I know I'll never get the chance  
To say the things I never said

But I keep waiting for the night  
I close my eyes and hope you'll find me sleeping

Coz in my dreams  
We can spend a little time together

In my dreams  
You can live a little longer

Oh well the feelings that we used to know  
The places we used to go  
Are all still there  
In my dreams  
On the front of crossbar of your bike  
We can go any place, anywhere you like  
In my dreams

I hope some day this pain I feel will fade  
Till then I'll wait  
To see you again  
In my dreams  
Yes I'll wait, I'll wait  
To see you again  
In my dreams

I'll see you again  
In my dreams

Well I don't know where and I don't know when  
But I know I'll see your face again  
In my dreams
