It's got my name on it and it's just waiting there for me
I feel the cold run through my veins
And it's got her shame on it, she couldn't say it to my
face
But I won't waste time placing blame

But I know that I'll move on and tell myself I'll find me
something better
I'll let go and just forget her
She was no good for me, deep down I know that's the
way it has to be so
How comes I still can't open this letter? I can't forget
her
Really wish I could

Well, there must be a name for it
Whatever this is you've done to me, I'm all twisted up
inside
Well, who's gonna pay for it, if it's not you i guess it's
me
You left with you're life and took mine

But I know that I'll move on and tell myself I'll find me
something better
I'll let go and just forget her
She was no good for me, deep down I know that's the
way it has to be so
How comes I still can't open this letter? And I can't
forget her
Oh, really wish I could, oh no, really wish I could, oh
yeah

But I know that I'll move on and tell myself I'll find me
something better
I'll let go and just forget her
She was no good for me, deep down I know that's the
way it has to be so
How comes I still can't open this letter?
It's got my name on it and it's just waiting there for me
