I look at you, you bite your tongue  
You don't know why or where I'm coming from  
But in my head I'm close to you  
We're in the rain still searching for the sun

You think that I want to run and hide  
I keep it all locked up inside but I just want you to find  
me

I'm not lost, i'm not lost, just undiscovered  
And when we're alone we are all the same as each  
other

You see the look that's on my face  
You might think I'm out of place  
I'm not lost, no, no, just undiscovered

Well the time it takes to know someone  
It all can change before you know it's gone  
So close your eyes and feel the way I'm with you now  
Believe there's nothing wrong

You think that I want to run and hide  
I keep it all locked up inside but I just want you to find  
me

I'm not lost, i'm not lost, just undiscovered  
And when we're alone we are all the same as each  
other

You see the look that's on my face  
You might think I'm out of place  
I'm not lost, no, no, just undiscovered

I'm not running, I'm not hiding  
But if you dig a little deeper, you will find me

I'm not lost, not lost, undiscovered  
And when we're alone we are all the same as each  
other

You see the look that's on my face

You might think I'm out of place  
I'm not lost, no, no, just undiscovered.

I'm not lost, not lost, undiscovered  
And when we're alone we are all the same as each  
other

You see the look that's on my face  
You might think I'm out of place

I'm not lost now just undiscovered
