(James OttoTerry)

Well I left for work in a hurry  
I rushed out the door without saying goodbye  
I didn't tell her I loved her this mornin'  
But I'll tell her tonight I thought to myself  
An as I hurried off towards the highway  
This truck outta nowhere caught me by surprise  
He missed me by inches an my life passed in front of  
my eyes  
I guess that's the reason that they say  
Dance every dance an live each day'  
As though it's your last  
An tell those that you love how you feel  
Before it's too late  
Life is right here and now  
We only go around just one time  
So embrace'em and don't waste'em  
For these are the days of our lives  
Well son as my my legs stopped a shakin'  
Took a deep breath an turned my car around  
Oh,I'm gonna take that vacation  
That we talked about startin' right now  
Although I know tomorrow will be here for me  
'Cause nothin' in life is for certain but death's  
guaranteed  
And that's the reason that I say  
Dance every dance an live each day  
As though it's your last  
An tell those that you love how you feel  
Before it's too late  
Life is right here and now  
We only go around just one time  
So embrace'em and don't waste'em  
For these are the days of our lives  
Yeah,life is right here and now  
We only go around just one time  
So embrace'em and don't waste'em  
For these are the days of our lives  
Yeah
