Sittin' in the seat of my old Olds  
Pretty city lights down far below  
Sittin' there soakin' up all of the heat of the fire  
You slide a little closer and whisper in my ear  
Never even get around to openin' those beers  
Bein' here with you girl, nothing could get me no higher

CHORUS:

IT'S A LONG WAY DOWN  
BABY, HOLD ON TO ME  
NEVER LET ME TOUCH THE GROUND  
IT'S A LONG WAY DOWN  
SCARED I'M GONNA FALL WITHOUT YOUR LOVIN' ARMS  
AROUND

Well, love for you is such a natural thing  
You were born to spread those angel wings  
Every time you touch me, swear I feel light as a feather  
But it seems like every other corner I turn  
There's another busted heart that's crashed and  
burned  
Baby, just remember every time you take me to heaven

REPEAT CHORUS

So, tell me once again how high we're gonna go  
Take me far away from the world below  
We could be the few that make it all the way together  
'Cause I could start this car and drive back into town  
Land us both safe on solid ground  
But after tonight, girl, you're gonna have to love me  
forever

'Cause it's a long way down  
Baby, hold on to me  
Never let me touch the ground  
Yeah it's a long, long way down  
Scared I'm gonna fall without your lovin' arms around  
Yeah yeah yeah. . .

Yeah yeah, take me higher  
Take me higher

Take me higher, yeah. . .
